

## **C1 ADMISSIONS POLICY 2020 to 2021**

Reviewed and update: June 2018

Status: Statutory

### **1.0 Introduction**

1.1 Harlington School (“the School”) is a foundation school. As such, the Governing Body of the School is the “Admission Authority” for the School and is responsible for determining the arrangements for admission to the School each academic year.

1.2 The Governing Body annually appoints an Admission Committee to review this Admission Policy each year and report to the Governing Body for consideration and formal determination, as well as ensuring that the policy is properly implemented. The Chair of Governors and the Head teacher are both members of the Admission Committee.

1.3 This Admissions Policy has been formulated in accordance with the School Admissions Code 2014, a statutory code which all admission authorities must follow, as well as other applicable legislation and other guidance published by the Department for Education.

1.4 In formulating this Admission Policy, the School has had regard to the provisions of the Equality Act 2010 and the public sector equality duty contained therein. The School is mindful of its duty not to discriminate against an applicant in its admission arrangements and their implementation in because they have a relevant protected characteristic as set out in the Act.

1.5 The School is a fully comprehensive school which welcomes applications for the admission of all children without reference to tests for aptitude or assessments of ability, and regardless of any additional needs or disabilities that they may have. The School will make reasonable adjustments to ensure full engagement in the admission process is possible.

1.6 In this Admission Policy, the term “parent” will include a natural or adoptive parent of the child (irrespective of with whom the child lives, whether the child’s father has parental responsibility for the child, or whether the parent has contact with the child) as well as people who are not a natural or adoptive parent of the child, but who have care of the child, or parental responsibility for the child.

### **2.0 Published Admission Number for Year 7**

2.1 The published admission number for children admitted to Year 7 is 195.

2.2 Admission to Year 7 is coordinated by the local authority for all schools within the borough. The application procedure and timetable (including deadlines for submitting applications) can be found on the admissions section of the local authority’s website. The local authority for the School is London Borough of Hillingdon.

### **3.0 Published Admission Number for Year 12 (Sixth Form)**

3.1 The published admission number for external applicants admitted to Year 12 is 50.

3.2 Students already on the roll in Year 11 at the School (“internal students”) do not need to formally apply for admission under this Admission Policy, as they will simply transfer to Year 12 if they meet the academic entry requirements (which are the same for internal students and external applicants). Accordingly, if the number of internal students transferring to Year 12 is lower than anticipated, the School will be able to admit external applicants who meet the academic entry requirements, over the published admission number set out above.

#### **4.0 Specialist Resource Provision**

4.1 The School has a Specialist Resource Provision which has 7 places in total (not per year group) for children with physical disabilities (including sensory impairment) which are allocated separately to those for the main school, and are not included within the published admission number.

4.2 All children placed in the Specialist Resource Provision will all have a statement of special educational needs or an education health & care plan which names the School.

#### **5.0 Children with a Statement of Special Educational Needs or Education Health & Care Plan**

5.1 Children who have a statement of special educational needs or an education health & care plan which names the School will be admitted to the School (including in the Specialist Resource Provision) without reference to this Admission Policy. The admission of such children is dealt with separately under other legislation and managed by the local authority.

5.2 Where a child with a statement of special educational needs or an education health & care plan is admitted in the normal admission round, the number of available places will be reduced accordingly (except in the case of those children admitted to the Specialist Resource Provision).

5.3 Where a child with a statement of special educational needs or an education health & care plan is admitted in-year, the child will be admitted over the published admission number if no places are available within the published admission number.

#### **6.0 Oversubscription Criteria**

6.1 Where the School receives more applications than there are places available in any year group (including the sixth form), the following oversubscription criteria will be applied, and in the following order:

##### **6.1.1 Looked After and Previously Looked After Children**

Looked after or previously looked after children will be allocated places in this category by reference to the distance between the child’s home address and the School, with those living nearer receiving higher priority.

A “looked after child” is a child who is in the care of a local authority, or being provided with accommodation by a local authority in the exercise of their social services functions.

A “previously looked after child” is a child who was adopted or became subject to a child arrangements order or special guardianship order immediately after being a looked after child.

##### **6.1.2 Children of Members of Staff at Harlington School**

Children of members of staff who have been employed at Harlington School permanently for a minimum of two years at the time that the application is submitted, or who were recruited to fill a vacant post for which there was a demonstrable skill shortage, will be allocated places in this category by reference to the distance between the child's home address and the School, with those living nearer receiving higher priority.

#### 6.1.3 Children with a Sibling at the School at the Time of Admission

Children with a sibling who will be on the roll at the School at the date of their admission will be allocated places in this category, with places being allocated by reference to the distance between the child's home address and the School, with those living nearest receiving higher priority.

A "sibling" includes any child who lives with the applicant child as brother or sister at the child's home address, including their natural brother or sister, adopted brother or sister, step-brother or sister, foster brother or sister, and the children of their parent's partner where they are cohabitating and care bringing their respective children up as siblings as part of a core family unit.

For the avoidance of doubt, cousins and the children of extended family members are not "siblings" for the purpose of this category, even where they live in the same household as the applicant child.

Parents must indicate on the Common Application Form any sibling relationship. The Governing Body reserves the right to request documentary evidence to establish that the siblings relied upon do meet the definition outlined above.

#### 6.1.5 All Other Children

All other children will be allocated places in this category, with places being allocated by reference to the distance between the child's home address and the School, with those living nearest receiving higher priority.

### 7.0 **Child's Home Address**

7.1 The child's home address will be the address that the child lives and sleeps at for 51% or more of the time from Mondays to Fridays during term time at the date of the application for admission, and will usually be the address at which Child Benefit is claimed or, if ineligible for Child Benefit, the address at which the child is registered with his or her GP and dentist.

7.2 The Governing Body reserves the right to request documentary evidence to establish where the child's home address is deemed to be for the purpose of the application for admission.

### 8.0 **Children of UK Armed Forces Personnel or Crown Servants**

8.1 The children of UK Armed Forces personnel with a confirmed posting to the area, or Crown servants returning from overseas to live in the area, will be treated as already living in the area at the date of the application on receipt of an official letter which confirms the relocation date and a unit postal address or quartering area address for the family.

8.2 Such children will not receive any higher priority than all other children applying for places, but they will not be refused a place at the School on the grounds that they do not live at the address at the date of the application for admission.

## 9.0 Distance

9.1 The distance between the child's home address and the School will be measured in a straight line from the point set by Ordnance Survey for the child's home address to the fixed point for the School set by Ordnance Survey (co-ordinates 508629, 178733) using a computerised Geographical Information System (GIS).

9.2 In the case of blocks of flats or other multi-home dwellings, the point set by Ordnance Survey will be the same for each applicant child living there, with the order that places are allocated being determined by use of the tie breaker.

## 10.0 Tie Breaker

10.1 Where two applications cannot otherwise be separated, the order in which places will be allocated will be determined by the drawing of lots in front of an independent witness.

## 11.0 Twins and Children of Multiple Births

11.1 Where only one place remains available, and that place is allocated to a child who is a twin or a child of a multiple birth, the School will offer a place to the other twin or children of a multiple birth over and above the published admission number.

## 12.0 Applications for Admission

12.1 The local authority for the School coordinates the admission of all children in the borough to Year 7 and will issue information to parents about secondary transfer at the appropriate time. Details of the timetable for applications (including deadlines) can be found on the local authority's website:

[http:// www.hillingdon.gov.uk/schooladmissions](http://www.hillingdon.gov.uk/schooladmissions)

12.3 Parents must apply for admission by completing the Common Application Form which can be submitted online via the local authority's website.

## 13.0 Late Applications for Admission

13.0 Applications for admission which are submitted after the deadline published by the local authority will be considered after all applications for admission which were received on time have been considered and offers of places made.

## 14.0 Applications for Admission In-Year

14.1 Applications for admission in-year must be made directly to the school. Parents must complete an Application for Admission In-Year which can be downloaded from the School's website or obtained from the School's office.

14.2 Where a place is available in the year group sought, the applicant child will either be admitted or, in appropriate cases, referred to their home local authority under their Fair Access Protocol. Full details of the Fair Access Protocol can be found on the child's home local authority's website.

14.3 Where there are no places available in the year group sought, at the request of the child's parent the child's name will be placed on the waiting list for that year group, which is maintained as set out below until at least 31 December of the academic year to which the application relates.

#### **15.0 Applications for Admission Outside Normal Age Group**

15.1 Applications for admission to a year group outside a child's normal age group (for example, to the year above or the year below) must be made directly to the Governing Body as early as possible. If possible, the application for admission outside normal age group should be made before or at the same time as the application for admission.

15.2 Parents must complete an Application for Admission of Child Outside Normal Age Group Form (which can be downloaded from the School's website or from the School's office) and submit it to the School for consideration by the Governing Body, together with supporting evidence from a G.P., hospital consultant, social worker or other professional where appropriate.

15.3 Determination of applications for admission outside normal age group is at the sole discretion of the Governing Body, and there is no statutory right of appeal against the application being refused. If parents are unhappy with the outcome of their application, they may submit a complaint under the School's Complaints Policy.

15.4 The Governing Body will consider the circumstances of each case and make a decision in the best interests of the child. The Governing Body will take into account:

15.4.1 The parents' views;

15.4.2 The Headteacher's view;

15.4.3 Information about the child's academic, social and emotional development;

15.4.4 Where relevant, the child's medical history and the views of the child's medical professionals;

15.4.5 Whether the child has previously been educated outside of their normal age group;

15.4.6 Whether the child would have naturally have fallen into a lower age group were it not for having been born prematurely;

15.4.7 The effect of the child ceasing to be of school age in a year group other than Year 11.

15.5 This is a non-exhaustive list, and there may be other factors that the Governing Body will consider.

Parents should take these factors into account when completing their application.

15.6 Where the Governing Body agrees the application, it will write to the parents to confirm their decision. The application for admission into that year group will then be considered alongside all other applications, applying the oversubscription criteria as necessary. There is therefore no guarantee that a place will be achieved in the desired year group.

15.7 Where the Governing Body refuses the application, it will write to the parents confirming the refusal, clearly setting out its reasons.

15.8 Children will not receive any higher or lower priority as a result of making an application for admission outside normal age group.

#### **16.0 Waiting Lists**

16.1 The School will maintain a waiting list for all year groups until at least 31 December of the academic year into which admission was sought.

16.2 The children whose names are included on the waiting list will be ranked strictly in accordance with the oversubscription criteria set out above, and not in relation to the date that the application for admission was received. Each time a new application for admission is received and a child's name is added to the waiting list, the waiting list will be re-ordered. This means that a child's place on the waiting list could move down as well as up.

#### **17.0 Appeals**

17.1 Parents have a statutory right of appeal against the refusal of a place. Information about how to appeal, including the deadline for submitting an appeal, will be included in the letter notifying parents of the refusal of a place.

17.2 Admission appeals will be dealt with strictly in accordance with the School Admission Appeals Code 2012.

#### **18.0 Admission Data for Previous Years**

Number of places in Year 7 for admission in September 2018 195

Number of applications received for Year 7 places for September 2018: 443

Number of offers for Year 7 places on National Offer Day: 195

Number of places in Year 12 for admission in September 2018: 150 (including 20 external)
